

Junior High Expectations- Art 2011-2012

1. Students will be expected to participate fully in class by putting their best effort into all projects and ideas.
2. Students will be expected to complete sketchbook assignments on time. These will be done outside of class on a weekly or bi-weekly basis. There should not be excuses as to why a sketchbook assignment is not complete or not turned in when there is at least a week to complete it. Allowances may be made for extenuating circumstances, but this will be at the discretion of Miss Jochim.
3. Plenty of time will be given during class to complete projects. If a student needs more time, they are always welcome to come in during SRB, recess, before and after school.
4. On occasion throughout the school year, we will be writing about art. These writing assignments will not be long (a page or less). I expect students to use their best writing skills to express their thoughts and ideas.
5. Projects and assignments will be graded on the following criteria:
 - a. Effort
 - b. Following directions
 - c. Neatness/craftsmanship
 - d. Creative/thoughtful ideas
6. Creativity is an integral part of art class. I expect that students will challenge themselves to create projects to the best of their ability.
